

Laptop Requirements

Dear Class of 2012,

Congratulations on your acceptance into the University of Connecticut School of Medicine/School of Dental Medicine! A carefully selected and competitively-priced high end laptop will be a required tool in your education.

Upon your arrival next August, you will receive the Lenovo ThinkPad described below as part of your equipment. The laptop will be pre-loaded with required curricular software chosen by the faculty. It also meets the strict specifications mandated by the e-testing program used throughout your courses here. The laptop includes a 3 Year ThinkPad Protection warranty, and participation in the UConn Laptop Repair Program. In the unlikely event that your laptop needs repairs, you may arrange to drop off and pick up your machine at the UConn Co-Op Bookstore branch located here at UCHC (UConn Health Center). You will be provided with a loaner laptop for your use until the repair has been completed. This laptop is itemized on your tuition and fee bill. If you receive financial aid, the cost of the laptop is included in the budget prepared by the financial aid office.

Here are more detailed specifications:
